Domaine Méo-Camuzet

VOSNE-ROMANÉE | CÔTE DE NUITS

Story | Jean-Nicolas Méo

Domaine Méo-Camuzet has been a prominent Burgundian winemaking family for 400 years, owning some of the best terroirs in the heart of the Côte d'Or. With more than thirty years of practice gained on the job, Jean-Nicolas Méo has developed his own style derived from his trainings with Henri Jayer. With a deep understanding of viticulture and winemaking achieved naturally, Jean-Nicolas harnesses mastery and precision in handling the prestigious plots left by his family and those developed on his own. Wines of exquisite texture, persistence and density that precisely represent the terroir in which they come from. It is then no surprise that Méo-Camuzet has reached such a lofty status amongst the company of an elite few.

NICOLAS & JAY

DUNDEE HILLS | WILLAMETTE VALLEY

Story | The Nicolas-Jay Estate

Nicolas-Jay Estate is the story of a three-decade friendship between Burgundian Winemaker Jean-Nicolas Méo and music entrepreneur Jay Boberg. Jay, A former vineyard owner and grower in the Napa Valley, Jay delivers a unique passion and discipline for quality control and grower relations. An esteemed music industry icon, Jay is integral to the estate's success.

After 30+ years of Winemaking in Burgundy, and a desire to further challenge himself, Jean-Nicolas was elated to innovate once again. In the early 2000's he explored the Côte d'Or and created "Méo-Camuzet Frère et Soeurs" négoce label, and in the Willamette Valley, he would discover what possibilities exist in the new world first-hand. Applying his viticulture and winemaking gifts to create a range of wines that would be far more obtainable than the Domaine's, but every bit as world-class.

L'Ensemble Pinot Noir | Willamette Valley

The core objective to venture into the Willamette Valley would be two-fold. The pursuance of the best possible vineyards, first. Then understanding if a cuvée made outside the constraints of the Appellation d'Origine Contrôlée could deliver sense of place and enchanting textures as prolifically as the great climats of the Côte d'Or. It would take the highest of expectations across dozens of vineyards for half a decade. Micro-fermenting newly discovered blocks in search of hidden subtleties and hundreds of hours of relentless determination, year after year, until a path could emerge. A passageway to a special wine, a wine that symbolizes a refined expertise that can only come from 35 vintages on top of the world's most hallowed Pinot Noir ground. **The whole of, the entire « The L'Ensemble »**

Affinités Chardonnay | Willamette Valley

Envisaged from the decades of producing the iconic Clos St. Philibert plot in Flagey-Échezeaux. Each vintage, our Affinités Chardonnay showcases the brilliance individual sites can produce when masterfully tempered and blended, with the ultimate objective of encapsulating the true spirit of the vintage. Restrictive clusters per plant, hand-harvesting, a Champagne press cycle, 5-day cold soak, ambient fermentations in barrel and bottled unfiltered produces a wine of complexity, tension and persistence. Peak Willamette Valley Chardonnay that captures the world-class Chardonnay terroir of this place.

French tension & American generosity | relentless stewardship of terroir & vintage character & expression authenticity | showcasing fine-grained tannins & complex textures | preciseness & balance, weight without heaviness | naturally high micro-biome counts & 'aliveness' in the bottle

WINEMAKING PHILOSOPHY | PINOT NOIR CRAFTED BY MASTER WINEMAKER JEAN-NICOLAS MÉO

"Locating the finest vineyards in the Willamette Valley has been paramount, but how we approach these vineyards and handle the fruit is equally as important as the grapes themselves. Our goal is always to capture that brief moment when the vineyard is in perfect balance, so when you open that bottle you're swept away to that place. You can experience the character of the vintage with all of your senses." Jean-Nicolas Méo

Harvest can only begin when acid and sugar are in perfect balance. We will not compromise natural acidity levels for ripeness, to create wines of balance and persistence we must pick when the grapes have a brightness in their flavor and persistence in their texture

- Green thinning to establish lower cluster counts per vine
- Gentle picks and vigorous sorting
- Utilize small 1/8-ton cherry bins, one cluster on top of another, to protect from crushing the clusters
- 12-person winery sorting table to, once again, remove under and over ripe berries and MOG
- 100% destemming
- Slow, steady press cycles at low pressures for pure fruit and a silky mouthfeel
- Extended cold maceration/soaks to establish texture and freshness
- Native yeast fermentations
- 40+ small fermentation vessels to micro-ferment by block
- Gentle aeration and extraction
- Pumpover while the berries are intact to accentuate weight, body and flavor and reduce the influence of seed and skin tannins
- If necessary, punchdowns are executed at dryness to round out tannin structures
- Bottled unfiltered, unfiltered and vegan
- **100% Organic, Bio-dynamic, LIVE certified, Salmon Safe**
- The Nicolas-Jay Estate only partners with growers who are committed to the highest sustainability standards
- Regenerative farming practices like cover crops and compost are used to enhance soil health and the local ecosystems. Insectaries and no-till farming techniques build natural biodiversity across many of the vineyards we farm, creating a haven for bees, butterflies, and other pollinators
- Bottling our wines in lighter, more eco-friendly glass reduces our carbon footprint impact

The Nicolas-Jay Estate is committed to the highest possible holistic and regenerative farming standards
